- Experience working in a team and independently

Experience:

Architect / Designer

Oct 2015 – Jun 2016

Project 2.0 Ltd. Vladivostok, Russia

Part of a team of architectural designers working on new Hyatt Hotel construction site. Main duties included preparing, correcting and updating architectural blueprints according to measurements and building codes. My other duties in the company included working on various projects as Interior Designer, liaising with contractors and building companies representatives.

Freelance Interior Designer.

May 2013 – Sep 2015

Managing and working with private clients to provide Interior Design Services including concept design, space planning, 3D rendering, full package of blueprints, list of finishing materials. Negotiating fee, time frame, deliverables and resources to meet client and project needs.

Architect / Designer

Apr 2012 – Apr 2013

Likien Ltd. Vladivostok, Russia

Design individual houses based on a Passive Houses concept utilising light metal construction materials. Design interiors for commercial and residential buildings. Prepare project documentation, including drawings, blueprints and models according to the Passive House concept.

Architect / Designer

Feb 2010 – Nov 2011

Department of Housing Fund. Russia

Contractor for various projects to prepare the city's infrastructure for the 24th annual gathering of APEC (Asia-Pacific Economic Cooperation). Responsibilities included: visit construction sites; architectural and display models according to current building regulations; prepare project documentation and progress reports; liaise with contractors; building companies representatives and local government organisations.

Architect / Designer

July 2007 – June 2010

Heritage of Russia. Vladivostok, Russia

Interior designer working as part of a team to create and deliver a range of interior and exterior designs. Experience in a range of roles from early concept to finalising packages for projects.

Education:

Far Eastern Federal University, Russia

Sep 2000 – Jun 2006

Master of Architecture and Design
