SKILLSANDABILITIES

Ability to quickly and accurately analyze problems and issues
Willingness to learn
Team facilitator & hard worker
Highly motivated, dependable troubleshooter and problem-solver

OBJECTIVE

A career in which I can effectively contribute my creativity and technical knowledge to achieve professional goals through teamwork.

PROFESSIONAL EXPERIENCE

Over Five years experience in Mobile Application Development, excellent knowledge of Mobile User Interface and development methodologies.

Servomate Technologies, CEO & Founder, December 2012-Present

www.servomatetechnologies.com

Responsibilities

- ❖ Mobile UI UX developer in Android, ios and Windows phone.
- ❖ Developing product based Application in App Stores and for Google play.
- ❖ Quality control in user interface, including guidelines for developing mobile applications.
- ❖ Research and development for new mobile based applications.
- ❖ Digital Marketing and Mobile Ads Network Development.
- ❖ Startup village Developer community member

Successfully Completed Projects and Contracts

- ❖ *MobieExplorer (Website), January 2015 – May 2015*
 - Role: Project Lead, UI Designer, Quality Analyst, Digital Marketing
 - Summary of Work Performed: Created a trusted Mobile phone review site with direct-buy online features. Up-to-date mobile phone specifications, comparison, reviews, etc. Compiled and maintain a huge specifications database containing more than 600+ Smartphone's, Tablets and Watches from 60+ manufacturers. We deliver the latest news from the world of Mobile phones on a daily basis.

PROFESSIONAL EXPERIENCE (CONTINUED)

Servomate Technologies (continued)

- ❖ *Appcado (Website), December 2014 – September 2015*
 - Role: Project Lead, UI Designer, Quality Analyst, Social Marketing
 - Summary of Work Performed: Appcado is the first Android third-party Store in India with 100% Top Free Apps and Reviews. Also features 1-click downloads without prior registration. Appcado's Servers are high bandwidth allowing customers unrestricted download of their selected applications.

- ❖ *MyBusApp(Android), December 2015 to the Present*
 - Role: Project Lead, Mobile UI, UX Designer, Quality Analyst
 - Summary of Work Performed: Bus Timing is always unpredictable. This App constantly updates as transit operators change time schedules or service stops, so you don't end up at a Bus station that is closed, or waiting for a bus that isn't coming.
