## WORK

Anomalist Design LLC, Graphic Designer / Front-End Web Developer

Aug 2017 - Quezon City, Philippines

Designed and developed websites for Football 2018, blockchain based publication system, digital marketing firm for Scandinavian companies, leading LED sign vendor for international feeds and cryptocurrency projects

Loudmama Software Development Studios, Creative Director

Aug 2017 - May 2018 - Quezon City, Philippines

Supervised and guided graphic designers and developers in making quality standard websites, instructing them about the basics of UI/UX and how to keep up with the design trends, and making sure that they create something that is both visually appealing and fully functional

Loudmama Software Development Studios, Graphic Designer

May 2017 - Aug 2017 - Quezon City, Philippines

Designed the UI and UX website of a famous beach resort in the Philippines and created a website for Nabel, a well-known bag brand in the country used by most students. Also participated in character design for game development

Anomalist Design LLC, Web Developer Intern / Part-time

Nov 2016 - March 2017 - Quezon City, Philippines

Focused in front-end development and built websites mainly for marketing companies, intellectual property enforcements, and telecommunication systems

Maverick Heroes, Web Developer Intern

May - Sept 2016 - Mandaluyong City, Philippines

Created web prototypes and mockups and developed webpages for house properties
